Bicycle/Motorcycle

We have a bike rack capable of accommodating both bicycles and motorcycles that is open to visitors.

Car

Whilst we do have a car park at McDermott House, generally available spaces are very limited so we would advise not travelling by car if possible.

Airport

The nearest airport is London City Airport. To reach Head Office from there generally takes a 10-15 minute drive or 20 minute bicycle ride or alternatively the DLR can be taken from there to Star Lane.

Video Conferencing

We have these facilities available if required. For more information please contact Head Office.

Please note that when you sign in to Head Office you will be asked to specify your means of transport and approximately how many miles you travelled to get there. This is so we can collate the information as part of our Corporate Social Responsibility Plan.
